Welcome Message

To our distinguished guests, exhibitors, partners, and visitors. A very warm welcome, and thank you for joining us at Genting ProcureBiz 2025.

At Resorts World Genting, we believe procurement is more than just a transaction. It is a catalyst for transformation, with a powerful lever to create long-term value for communities, industries, the environment, and to drive innovation.

This event has been designed as a unique platform where new and potential vendors can showcase their goods and services directly to our business units. By bringing buyers and suppliers together in one space, we aim to strengthen connections, unlock fresh opportunities, and build partnerships that foster innovation, efficiency, and sustainable growth.

With an emphasis on transparency, collaboration, and local empowerment, ProcureBiz 2025 also highlights solutions that minimize environmental impact, uplift SMEs, and encourage new perspectives on sourcing.

To our potential vendors, thank you for presenting your capabilities, ideas, and innovations. We encourage you to engage actively, exchange insights, and show how your offerings can contribute to our shared goals. To our business units and participants, may today spark meaningful discussions and inspire new ways of working together.

Let us make this fair not just a marketplace of products and services, but a meeting ground for ideas, collaboration, and long-term growth. Together, let us turn procurement into progress, ensuring that the choices we make today will benefit future generations.

Once again, thank you for being part of Genting ProcureBiz 2025. We wish you a productive, insightful, and rewarding experience.

Florence Teng Gaik Kim

Head of Group Centralised Procurement and Warehouse
