

Resorts World Genting Introduces DENZA D9 EV Shuttle Service in Sustainability Milestone

Genting Highlands, 21 May 2026 – Resorts World Genting (RWG) marked another step forward in its sustainability journey with the official handover of DENZA D9 Premium electric vehicles (EVs), introducing the resort's first-ever MPV EV shuttle service.

Held at Awana Village yesterday morning, the EV handover ceremony brought together representatives from RWG, DENZA Sime Motors and BYD Sime Motors to commemorate the milestone collaboration.

The newly introduced DENZA D9 Premium vehicles will provide shuttle services for guests travelling between Genting Grand and Crockfords, offering a more comfortable, premium and environmentally friendly transportation experience within the resort.

The initiative reflects RWG's ongoing commitment towards reducing carbon emissions and supporting greener mobility solutions in line with its broader sustainability vision.

Speaking during the ceremony, Spencer Lee, Executive Vice President of Sales, Marketing & Public Relations of RWG, highlighted the importance of adopting cleaner transportation alternatives within the integrated resort.

"The introduction of the DENZA D9 EV shuttle service marks an important milestone in RWG's sustainability journey. As we continue exploring greener initiatives across our operations, we also want to elevate the guest experience by providing transportation that is not only efficient and luxurious, but also environmentally responsible," he said.

Bea Kwang Tat, Head of Retail, Denza Sime Motors shared, "We are honoured that RWG has chosen the DENZA D9 for its shuttle service. Designed to deliver refined comfort and sophistication, we believe the D9 will elevate the overall guest experience in line with the resort's positioning. This handover marks the beginning of a longer journey, as we continue to grow our presence in Malaysia and deliver outstanding products and services our customers can trust."

RWG is the first integrated resort in the industry to introduce the DENZA D9 Premium as part of its transport service operations, reinforcing its commitment towards innovation and sustainable hospitality practices.

The fully electric DENZA D9 Premium supports RWG's sustainability efforts by offering a greener and more environmentally friendly transportation option within the resort. Powered by BYD's Blade Battery technology, the luxury MPV also delivers a quieter and smoother ride experience for guests. Designed with passenger comfort in mind, the DENZA D9 Premium features a spacious three-row seating layout with premium NAPPA leather seats and enhanced cabin comfort, elevating the shuttle experience between Genting Grand and Crockfords.

RWG consistently pursues greener and more environmentally conscious initiatives across the resort, with the introduction of the DENZA D9 EV shuttle service marking another step towards more sustainable operations. Beyond green mobility efforts, RWG has also introduced various eco-tourism and nature-focused attractions such as Euforia, a nature-inspired floral and sculpture garden that promotes appreciation for biodiversity and nature, as well as Genting Nature Adventures where guests are encouraged to explore the surrounding rainforest environment through more sustainable and immersive outdoor experience.

About Genting Malaysia

Genting Malaysia is one of the leading leisure and hospitality corporations in the world. Listed on Bursa Malaysia with approximately RM10 billion in market capitalisation, Genting Malaysia owns and operates major resort properties including Resorts World Genting (RWG) in Malaysia; Resorts World New York City, Resorts World Catskills and Resorts World Hudson Valley in the United States of America (US); Resorts World Bimini in the Bahamas; Resorts World Birmingham and over 30 casinos in the United Kingdom (UK); and Crockfords Cairo in Egypt. Genting Malaysia also owns and operates two seaside resorts in Malaysia, namely Resorts World Kijal in Terengganu and Resorts World Langkawi on Langkawi Island.

Located 6,000ft above sea level, RWG is Malaysia's premier hilltop integrated resort. The resort features wide-ranging leisure and entertainment facilities including 10,500 rooms across seven distinct hotels, gaming, theme park and amusement attractions, dining and retail outlets, as well as international shows and business convention facilities. Nestled amidst the mid-hills, Resorts World Awana complements this extensive premium experience with its natural greenery, mountainous golf course, trekking trails, and proximity to key attractions. Moreover, Genting Highlands Premium Outlets (a joint venture between Genting Plantations Berhad and Simon Property Group), further complements RWG's diverse offerings, solidifying its status as a leading leisure and entertainment hub in the region.

Genting Malaysia is a member of the Genting Group, one of Asia's leading and best-managed multinational companies. The Genting Group is led by Tan Sri Lim Kok Thay, a visionary entrepreneur who has successfully established the Resorts World brand as a leader in the leisure and hospitality sector in Malaysia, Singapore, the US, the Bahamas and the UK. Tan Sri Lim Kok Thay also has significant investments in other industries globally including oil palm plantations, property development, power generation, oil and gas, cruise and biotechnology.
